V-Mac Wood Pellet Storage & Delivery System

To optimise your wood boiler efficiency it is critical that the wood pellets you use are kept in the driest possible conditions.

The level of moisture in wood pellets impacts on the boiler efficiency, they will degrade quickly due to condensation and moisture in the air and ultimately they will reduce to sawdust. Only a fully insulated wood pellet store provides the very best, year round protection for wood pellets in Ireland's damp climate.

McAree Engineering have designed, developed and manufactured the V-Mac Wood Pellet Storage & Delivery system especially for the Irish Market and to cope with our inclement weather. They have over 50 years experience of designing and manufacturing bulk storage solutions for Industry and Irelands Farming community.

The V-Mac Wood Pellet Storage & Delivery System is the only integrated system which is fully insulated and also delivers the pellets to your burner.

The V-Mac Wood Pellet Storage & Delivery System offers exceptional lifetime value. Its excellent design ensures that not only is it functional it also looks good.

The V-Mac Wood Pellet Storage & Delivery System is the ideal solution for storage of wood pellets. With models for 3.5 and 4.5 tonne storage capacity the V-Mac Wood Pellet Storage & Delivery System is the very best solution for storing bulk purchases of pellets.

McAree Engineering also design and manufacture Wood Pellet Stores with capacity ranging from 8 - 30 tonne.

Dimensions

3500 KG V-Mac Wood Pellet Store

2495 mm high
1250 mm deep
3380 mm wide

4500 KG V-Mac Wood Pellet Store

2495 mm high
1250 mm deep
4380 mm wide

Recommended base space requirement to site the Store

4100 mm by 1700 mm for 3500 tonne store
5000 mm by 1700 mm for 4500 tonne store

Power requirements

Plugs into a 16amp, round pin trailing socket (blue cover)

V-Mac Wood Pellet Storage & Delivery System Features:

- A fully insulated galvanised steel body ensures that your wood pellets are stored in pristine conditions.
- An integrated delivery system eliminates the need to buy an augur. It stores and delivers the pellets automatically.
- With its colour coated shell it also looks great in any surrounding.
- Both the filler and breather pipe are covered ensuring maximum protection from water contamination.
- Universal filler pipe connection allows for simple bulk filling from any pellet supplier. Pellets are blown through an internal duct which distributes them in the store evenly.
- Inspection window provides an easy means of checking the level of wood pellets in the store.
- Built in blast plate protects the Store from overfilling.
- Easy to use control panel controls the internal augur and delivery mechanism. All electrics are CE approved.
- The V-Mac Wood Pellet Storage & Delivery System is designed to operate as low maintenance - just the internal augur bearing requires greasing twice a year.
- All V-Mac Wood Pellet Storage & Delivery System come with one year warranty, and you have the reassurance of buying a McAree Engineering Ltd Quality Product.
- No hidden extra's - price includes delivery and installation. Every V-Mac Wood Pellet Storage & Delivery System is assembled at their factory and undergoes a complete quality check.
- Because every system is custom built, McAree Engineering can customize your system to accommodate; a reserve bunker, manual discharge boot or adjust the delivery mechanism to your specific requirements.
