

Installers/technicians who have successfully completed the OFTEC oil technician course can now earn valuable credit onto their Heat Merchants account with the implementation of the installations listed below into existing dwellings as part of the Energy Saving Credit Scheme.

Participants must register for inclusion on this scheme by sending this application form to ESC Section, Heat Merchants Group, Business Support Office, Moydrum Road, Athlone, Co Westmeath.

How the ESC scheme works

- ESC scheme is now open to any installer that has successfully completed the OFTEC oil technician course
- Please submit proof of successfully completing the OFTEC oil technician course by attaching copies of the OFTEC certificates 101 / 105E with this application form
- Heat Merchants Trading Account required - credit can only be applied to this account on goods purchased from Heat Merchants Group
- Installations must comply with the SEAI's code of Practice and Technical Specification/OFTEC guidelines
- Upgrades to existing properties only, this scheme is **not applicable to new builds**
- ESC claim form must be completed in full and approved by SEAI before credit can be applied
- Heat Merchants are not responsible for lost application forms - please retain a copy for your records
- ESC claim form available from your local Heat Merchants branch or Customer Support on 090 6442300 and returned to ESC Section, Heat Merchants Group, Business Support Office, Moydrum Road, Athlone, Co Westmeath
- This claim form must be accompanied by an Oil Installation Completion / Commissioning Report for each oil installation
- Valid for upgrades to existing properties only (no new builds).
