

To Whom It May Concern:

Cork Plastics white PVC-U waste pipes are made to the following dimensions:-

	1¼"	1½"	2"
Length:-	4m	4m	4m
Minimum Wall Thickness:-	1.80mm	1.90mm	2.00mm
Maximum Wall Thickness:-	2.20mm	2.30mm	2.40mm
Minimum O.D.-:	36.15mm	42.75mm	55.75
Maximum O.D.-:	36.45mm	43.05mm	56.05

These pipes should not be used where prolonged discharges in excess of 70°C are expected.

The dimensions above are in line with BS EN 1455-1:2000, the standard for ABS pipes for soil and waste within the building structure.

The 90° elbows and 135° bends supplied by Cork Plastics to be used with white waste pipe are also made from PVC-U. The other fittings are made from ABS and are BS EN 1455-1:2000 approved.

Cork Plastics Quality Management System ISO 9001: 2008 is audited and approved by the British Standards Institute.

Kind Regards,

Derek Lane
