

ZIP SERVICE

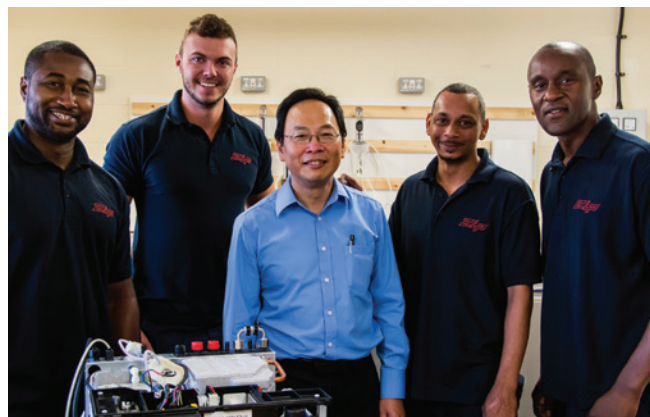

We don't just pride ourselves on outstanding products, we are also committed to providing outstanding service levels. Our dedicated team is on-hand to answer any queries, and, should a call-out be required, we'll work with you to find a convenient time for a member of our support team to visit. Our engineers, employed by Zip are fully trained in our products and aim to fix any issues on the spot.

HYDROCARE PACKAGE

For added convenience and peace of mind, our HydroCare package means you don't have to worry about the yearly filter replacement – we will do this for you. In addition, we sanitise the system as well as give it a full health check. For just a little more than you would pay to change the Zip filter yourself, you can have a fully-trained Zip engineer attend once a year to carry this out. Full details available on request.

Visit zipwater.com/uk call 0845 6 005 005 or email contracts@zipindustries.co.uk for further information.

ZIP – THE GREAT
HYDRATION
SUCCESS STORY.

Since its inception in Australia in 1962, Zip has been producing instant boiling water systems for both domestic and commercial use. Now a multinational company, with the taps being sold in over 70 countries, our iconic branding has become synonymous with instant boiling water. By incorporating world-class filtration technologies we have evolved from a company that provided instant boiling water to a company that has refreshed drinking water.

Our mission is to refresh and hydrate through the provision of great-tasting drinking water. No more kettles and no more plastic bottles. We promise to instantly deliver water any way you like it – it's water. Refreshed.

John Doumani, CEO

**NOW IT'S NOT JUST THE
WATER THAT'S IRRESISTIBLE
– THE TAPS ARE TOO.**

Featured product:
Zip Celsius Arc in Brushed Chrome finish

WHY ZIP?

As the market leader within the instant boiling water sector (AMA Water Heating Market Report 2015-2019 Analysis), you can be confident that each and every Zip product has been developed through insight and expertise to suit you and your home.

Zip HydroTaps are the first and last word in versatility, style and cutting-edge technology, as well as being an essential cooking aid for the contemporary kitchen.

PURE WATER – ANY WAY YOU WANT IT

Our HydroTaps don't just provide pure chilled and boiling water, but for those who like their water with a bit more fizz, you'll love the crisp sparkling water that the HydroTap offers.

ADVANCED TECHNOLOGY

As well as being time-saving and easy to use, the HydroTap G4 offers a range of energy saving features including low-energy lights to signal boiling, chilled water is ready, or a filter change is due.

Unlike water-cooled systems, our air-cooled ventilation system does not waste precious water.

WATER... MADE IRRESISTIBLE

Not all water is the same! Our latest generation 0.2 micron filtration system ensures your water is crystal clear and free from dirt and contaminants as small as 1/5000th of a millimetre, whilst retaining fluoride.

The filter cartridges are stored out of sight as part of the under-sink command centre. You don't even have to remember to change the filters – the handy filter change light will flash to alert you that a change is due approximately every 12 months.

IT'S WATER. REFRESHED.

HYDRATION: THE ZIP EFFECT

Most of us know that our recommended daily intake of water should be 8-10 glasses, but not many of us actually do it! Do you? Water makes up 60 percent of an adult's body weight and is vital in keeping the body healthy.

We know that the taste of tap water varies depending on water hardness levels. With our advanced filtration, no matter where you are in the country, you can enjoy pure, clean, great tasting water every day.

And, with drinking more water, comes the many health benefits of proper hydration. So, what are you waiting for? Fill your glass and experience The Zip Effect.

DID YOU KNOW THAT DRINKING THE RECOMMENDED DAILY INTAKE OF WATER BRINGS A HOST OF BENEFITS...

IT PREVENTS HEADACHES AND PROMOTES CLEAR THINKING

IT HELPS KEEP YOUR JOINTS STRONG, HEALTHY AND LUBRICATED

IT CAN HELP YOU LOSE WEIGHT BY SUPPRESSING APPETITE

IT CAN IMPROVE YOUR LEVELS OF COGNITIVE PERFORMANCE BY AS MUCH AS 30%

THE NEW ZIP DESIGN RANGE

The new design range combines all the benefits and advanced functionality of the original G4 with a new range of striking tap options. Offering a wider choice to consumers, the taps have been designed to complement any kitchen.

The elegant Arc, featuring a curved 'swan neck' suits both classic and modern surroundings. The Cube's cutting-edge appearance makes it a design statement in its own right, while the Elite is compact and sophisticated. All three styles are available in a range of finishes; Bright Chrome, Brushed Chrome, Gloss Black and Matt Black, we have ensured that there is a tap for every kitchen style.

Featured product:
Zip Arc with optional font (93441Z3UK)
in Matt Black finish

ZIP HYDROTAP® ARC

Boiling | Chilled | Sparkling | Filtered | Instantly

THE ZIP HYDROTAP ARC – FORM WITH THE FUNCTIONALITY OF REFRESHING YOUR WELLBEING.

With the elegant curve of a swan’s neck, the Zip HydroTap Arc will complement any contemporary kitchen – and the crystal clear water will complement your wellbeing.

ZIP CLASSIC RANGE

What started out as a luxury has now become an essential kitchen appliance. The classic HydroTap G4 effortlessly transforms how we drink and cook thanks to its advanced functionality, ease of use and safety features – not to mention its convenience!

Featured product:
Zip HydroTap Classic with optional font (90915UK)
in Bright Chrome finish

With the option of having filtered boiling, chilled and sparkling water (or any combination to suit) from just one tap, we are proud to offer such an iconic and versatile product to our customers. We hope you love it as much as we do!

ZIP HYDROTAP® CLASSIC

Boiling | Chilled | Sparkling | Filtered | Instantly

THE ONE AND ONLY HYDROTAP CLASSIC.
WATER ANY WAY YOU LIKE IT.

Now you can make water irresistible to your family with the Zip HydroTap Classic. With boiling, chilled and sparkling water instantly available, you will never have to buy, chill or dispose of bottled water again. The Zip HydroTap is famous for combining stylish design with outstanding energy efficiency and environmental responsibility. The amazing Zip 0.2 micron filtration system delivers the crystal clear water your family deserves instantly.

Featured product:
Zip HydroTap Classic with optional

Tap Colour Options

ZIP HYDROTAP® ALL-IN-ONE

Boiling | Chilled | Sparkling | Filtered | Instantly | HOT + COLD

THE HYDROTAP ALL-IN-ONE.
DRINK BETTER, FEEL BETTER.

The only tap your kitchen will ever need. The All-In-One combines all of the Classic HydroTap features with the added benefit of Hot + Cold water for your sink. The HydroTap All-In-One is water... any way you like it.

The Swivel Action
Ideal for multi-bowl
sinks

2 options available, vented and non-vented.

Non-vented models should be used when both hot and cold water feeds are available. If there is only cold water, then please select the vented option. However, the vented model will access boiling water from the HydroTap therefore care should be taken over the amount of mixed hot water accessible at the time, as drawing off will lessen the volume of boiling water available for hot drinks.

Tap Colour Options

ZIP HYDROTAP® MINIBOIL

Boiling | Ambient | Filtered | Instantly

FILTERED BOILING AND AMBIENT WATER INSTANTLY.

Perfect for tea, coffee and cooking, our instant boiling water is fast and cost-effective. With easy to use touch-pad controls and the superior Zip 0.2 micron filtration system, your family will love the taste of the crystal clear boiling and ambient water.

Featured product:
Zip HydroTap Miniboil with optional font
(90915UK) in Bright Chrome finish

ZIP CHILLTAP™

Chilled | Ambient | Filtered | Instantly

ENJOY CRYSTAL CLEAR CHILLED FILTERED WATER STRAIGHT FROM THE TAP.

Save money and the environment with the stylish ChillTap. Choose from chilled only (Zip ChillTap) or chilled and ambient (ChillTap Extra) and make buying, carrying, storing, cooling and disposing of bottled water a distant memory. The stylish ChillTap is the perfect addition to any kitchen.

Tap Colour Options

Bright Chrome

AFTERCARE

ZIP FILTRATION

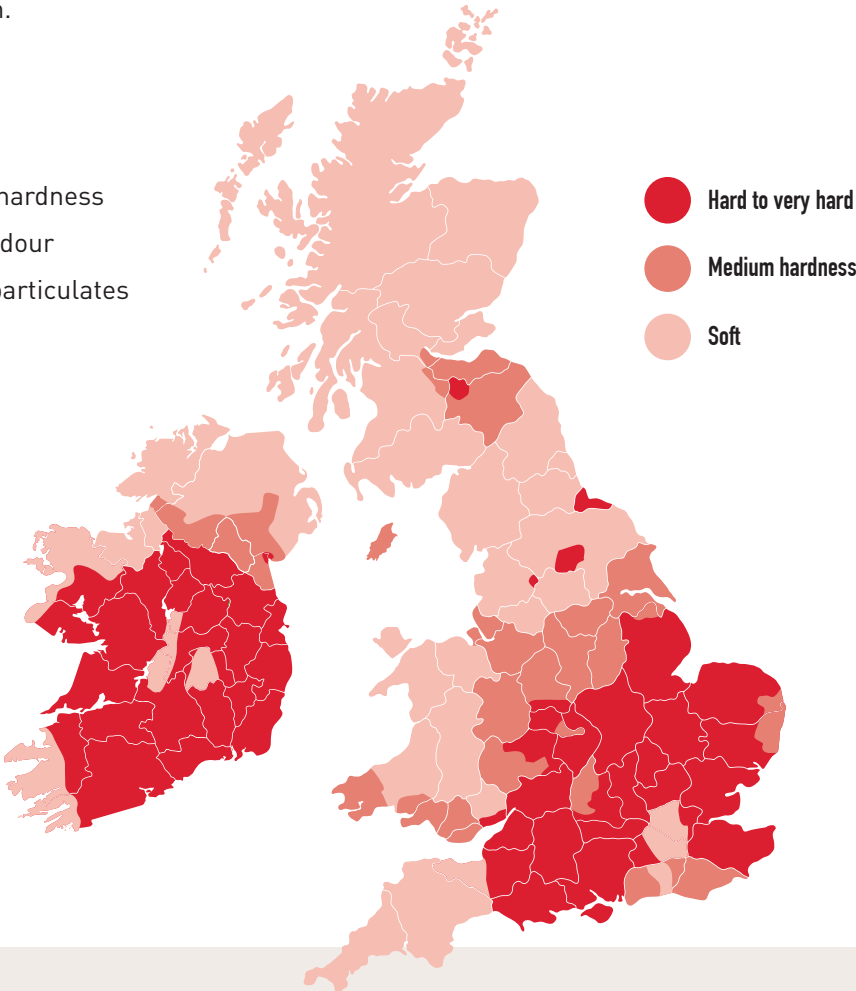

If you live in an area where hard water is an issue, we strongly recommend the fitting of the Zip Professional range scale filtration system. By using one of these systems, limescale build up will be prevented and your Zip product will have an increased lifespan.

THE FILTER OFFERS THE FOLLOWING BENEFITS;

- Triple-action filtration
- Ion exchange resin to reduce water hardness
- Carbon block to improve taste and odour
- High efficiency filtration to remove particulates

ZIP FILTERED PRODUCTS

- Scale Filter Cartridge & Installation Kit FL1100G4KIT
- Scale Filter Replacement Cartridge FL1100
- 0.2 Micron Filter Replacement Cartridge ZT402

UNDER-SINK UNIT

Our under-sink units for the G4 range are more compact than ever, and feature connection points at the rear to make neat installation more simple. A front access door makes changing the filtration cartridge as simple and quick as replacing a lightbulb. All HydroTaps require space under the worktop for the Command-Centre™, please check the website for specifications.

YOUR WARRANTY

2 year full parts and labour warranty for Miniboil, ChillTap and Filter Tap. Zip HydroTap G4 models featured in this brochure are covered by a comprehensive full parts and labour warranty for 36 months from date of purchase. A further 24 months boiling tank warranty is included, provided any service required is carried out by a Zip-trained service provider and that water filter cartridge replacements are made at recommended intervals.

MANUFACTURING STANDARDS

Zip remains the world leader in instant boiling water, setting the pace in time-saving, water-conserving and user-safety technology.

- WRAS approvals pending
- RoHS compliant
